

BACKPACK ACCESSORY

Daypack Top Cover

Providing additional storage and greater functionality than our standard top covers, the Daypack Top Cover is purpose built for demanding users who need quick access to extra equipment. Deployed in seconds, this versatile cover converts into a comfortable, well appointed daypack for trips away from your main bag, or simply provides additional storage for specialist gear; group first aid kit, photographic equipment, shells or additional layers. How you use it is up to you!

FEATURES
