

LIGHTWEIGHT GOUNDSHEET

Deck

Clever features behind a simple front! Sleep on it under a tarp, eat lunch on it, fold it into a bivy, put it under a tent, how you use your Deck groundsheet is up to you, and the possibilities are endless! Our 'smart corners' allow the Deck to become a tub when required, or flat when not. Our most durable, most waterproof 100 denier Nylon fabric keeps you dry, and we've made the bottoms red for emergency signalling. The Deck 1 fits one person, plus a little gear, sleeping under a tarp (or the stars), but is also the perfect size footprint for just about any freestanding two-person tent, from any brand. The Deck 2 and Deck 3 fit two and three full length mats, respectively.
