

ALPINE BACKPACK

# Geehi

This clean, compact modern alpine pack is designed as much for going up as it is coming down. Full alpine racking, including ski and snowboard carry, as well as a generous 50L capacity make this bag perfect for those day trips that start and finish in the dark.

## FEATURES

- » Single-compartment, high-tenacity nylon bag
- » Full ski, snowboard and alpine racking
- » Stow away hip wings, collapsible, firm-rim dual bottle pockets with back slots to house hip wings when not in use
- » Large double layer throat, internal pocket and hydration sleeve
- » Overload pocket with elasticated compression can house a snow shovel, or extend volume by ten litres
