

Convert Perfect-FIT 38 Hip Harness

This one-piece hip harness assembly comes fitted to Wilderness Equipment Nullaki and Nornalup Outdoor Education packs. It has a soft yet durable spun polyester facing for comfort and long-term performance. Attachment to the pack is via a large pocket in the hip harness which secures the base of the frame sheet, the hip harness is secured to the pack on the outside of the pack bag by a large lumbar pad. If looking to replace a harness which has been damaged directly, choose a Small size for XS/S packs, or Medium for S/M and M/L size packs. Alternately, choose the size that best suits the needs of the user.
