

SHIRTS

Wildlife Shirt

Built for a life outdoors! The Wildlife Shirts are made from a hardworking 77% Nylon / 23% Cotton blend, chosen for moisture wicking, comfort and longevity. Our oversized, single-bar buttons are bar-tacked down into individual loops, so you can say goodbye to sewing loose buttons back on. The sleeves can be rolled up and secured via strap and button, and the two stage collar has a second flap which can be flipped up for complete sun protection on the back of the neck. The chest pocket (or pockets) have complete, zippered closures, and the care instructions are clearly printed inside the collar, taking away the guesswork.

FEATURES

- » Oversized, individually bar-tacked buttons
- » Roll up sleeves with straps to secure in place
- » Two-stage collar for ultimate sun protection
- » Excellent shoulder room and freedom of movement
- » Sunglass loop
- » Zippered chest pocket(s)
- » Clearly printed care instructions
- » ARPANSA tested to UPF50+
