

LIGHTWEIGHT TARPS

# i-Overhang

Our large, economical 'Institutional' Overhangs for outdoor education and group use are available in Large and Extra-Large size (XL is a huge 4.5m x 4.5m). These i-Overhangs are designed and built to the same standard as all our other models but with this product you get to supply your own guy cords, tailored to your use and budget. The fourteen guy attachment points follow our original design tear-drop shape providing considerably better strength than common triangular reinforcement patches. For this product the guy attachments are single-layer Hypalon fabric (so no pouches) and they are fitted with Acetal rings to dissipate the stress at the guy cord loop.

## FEATURES

- » 75 denier ripstop polyester, dwr face, 3000mm PE back coat
- » Originally shaped, Hypalon guy attachment strong-points with acetal rings
- » 10 perimeter guy points and 4 mid panel for complete tension
- » Colour: Sky Blue
