

OUTDOOR EDUCATION SHELTER

i-Shadow

The detail of transverse-ridge tent design is something we nailed over 40 years ago. The many imitations of this 4-season, single-pole WE original still don't compare. The i-Shadow's long history coupled with recent consultative development to meet detailed, specific requirements of outdoor educators and our insistence on the highest quality materials and fittings confirm this fact. It is easy to erect, has space for up to 3 persons and a large vestibule for gear. The heavy-duty zips, original easy-maintenance features and superior fabric coatings set this tent up for the longest possible service life.

FEATURES

- » Integral pitch - pole in outer, inner attaches under, outer can be used alone
- » Outer Tent Fabric: 75d ripstop polyester, dwr face, tape-sealed, 3000mm PE back coating
